

Talisman Programs Parent Seminars

At the end of every session, Talisman offers off campus parent seminars. These optional seminars take place from 8 AM-3PM the day before camp is over. Through these seminars we explain the activities we do with our campers, why we do them, and what we hope to achieve from them. We will describe our group problem-solving process, use of natural consequences, and other tools we use to help our campers develop a sense of personal responsibility, improve decision-making skills, and learn new ways of interacting with others. Finally, we offer ways parents can take home elements of the camp experience to continue improvements made at camp. The live seminars also give us a chance for discussion about targeted concerns of parents and sharing of solutions around the rooms, and allow us to talk specifically about the groups who are about to come to a close.

If you cannot attend, we will be send out general notes on our seminars to all parents via email, and you will also receive a written summary on your child shortly after camp ends. You will also have an opportunity to speak with your child's counselors on pick-up day. Finally, as a part of the Talisman family, you are now eligible to participate in our monthly interactive web conferences on special topics like cyberbullying. (*Space is extremely limited for most sessions. Subscription plans are available*) For more information on those web conferences, [click here](#).
